## PROMISE MORE SALK VACCINE FOR 2ND SHOT

Sufficient Salk vaccine is available to give the first shots of the series to 475 more Adams County youngsters between the ages of one and 14. County Medical Director Dr. C. G. Crist announced today.

So far 305 youngsters have been given the "first shots" at the clinic being held Tuesday evenings at 5:30 o'clock at the Warner Hospital, Dr. Crist said.

The announcement reveals that more than twice as many youngsters will be able to receive the shots than had been anticipated. The program began with 780 shots of the Salk polio vaccine available to the clinic. At that time it was expected that the amount was for the entire series of shots given for polio prevention.

**More Vaccine Coming**

Thursday Dr. W. B. Schrack, chief of epidemiology for the state Department of Health, notified Dr. Crist that the state will secure a new supply of the vaccine in time for the second inoculations and as a result all 780 doses first received by the county may be given as first shots. That leaves 475 shots available for children whose parents would otherwise be unable to provide them to the youngsters.

Dr. Crist said another in the series of clinics to provide the polio shots will be held at the Warner Hospital Tuesday evening at 5:30 o'clock. He urged all those who are to receive the shots to be present early Tuesday evening so that as many inoculations as possible may be made. "We hope

## Youth Injured In Crash At Goodyear

Donald Kuntz, 19, of Gardners R. 2, was hurt about 4 p.m. Thursday, police said, in a collision involving two cars and a truck on Rt. 34 at Goodyear.

Police identified the drivers of the cars as Kuntz and Mrs. Margaret Showers, 41, of Gardners R. 2, and the operator of the truck as Frank Miller, 51, of Boiling Springs.

Carlisle State Police said Kuntz, who suffered cuts of the forehead and nose which did not require treatment, will be charged with reckless driving. His car was demolished.

According to police, Kuntz, traveling north, swerved to avoid a rear-end collision with Mrs. Showers' auto, as she slowed to pull off the road, and collided with the southbound truck. The impact then knocked Kuntz' car into Mrs. Showers' automobile, police said.

## 3 Killed, 1 Missing When Bomber Explodes In Midair

TRACY, Calif. (AP)—One of the Strategic Air Command's swept-wing international B52 jet bombers exploded high over northern California late yesterday. Three of the eight crewmen were killed.

Four parachuted to safety and one was missing.

Three bodies were recovered from the widespread, burned wreckage of the eight-million-dollar nuclear weapon carrier which was based at nearby Castle Air Force Base.

It was the first crash of a B52. The giants are manned by crews of the earlier B36 propeller-jet bombers. The all-jet B52 was on a training flight.

## DALLAS McNAIR WINS \$9,554 IN CARROLL COURT

Dallas (Sonny) McNair was awarded \$9,554 in a suit heard before a jury Tuesday in the Carroll County court at Westminster.

McNair was in a suit against Scott T. McNair and Dula M. Welty, individuals and as administrators of the estate of their father, Scott N. McNair, and two other children, William G. McNair, of Carroll County, and Robert W. McNair, of Adams County.

Dallas McNair, stepson of Scott N. McNair, claimed that before the elderly man died in February of 1954 he promised Dallas he would leave him his 17-acre farm. But Scott McNair failed to make out a will before his death.

**Tried First In '55**

Dallas McNair, at the original trial in January, 1955, claimed he ran the farm as a virtually unpaid family worker with the understanding that he would be repaid by inheriting the estate.

But when Scott N. McNair died without a will, Dallas said, the four defendants took charge of the property and allegedly denied him anything.

The case was originally heard in Equity court in Frederick with Associate Judge Patrick M. Schnauffer presiding. It was transferred later to the Carroll County courts.

Witnesses for the plaintiff testified that the Emmitsburg farmer had on several occasions said that he intended leaving the farm to his stepson. Dallas McNair was the son of Scott McNair's second wife.

The stepson had testified that he and McNair's children helped on the farm and that he quit school at 14 to help his stepfather operate the place.

## HERE AND THERE

Herman William Weidner, one of the most delightful and pleasant elderly gentlemen we have ever known, will observe his 88th birthday anniversary on Saturday. With his son, Lloyd, the affair will be an "occasion" for the two, each as devoted to each other as father and son can be. But there will be no fanfare, because as Mr. Weidner admonished a reporter for The Times "don't pay any attention to me, I'm not too important . . . there are others more so."

But to your reporter the celebrant is a Christian gentleman worthy of more than passing note. He is a stout-hearted American, an active member of the Lutheran Church, a staunch Democrat, a kindly, pleasant citizen who has grown into mature years gracefully, lovingly and with considerable zest.

Mr. Weidner is a product of solid, religious, American stock. He was born February 18, 1868 (five years after the Battle of Gettysburg), on a farm near Idaville. He attended the rural schools in that area and worked on his father's farm. He tired of that life and chose a teaching career. He attended school four and then five months a year, the minimum term in those years.

When he was 17 years of age he elected to take the examination to teach and appeared before Aaron Sheely (grandfather of Judge W. C. Sheely), Adams County superintendent of schools, for the supreme test. It was held at Heidelsburg and the exacting examination was on ten subjects. The young scholar passed, Superintendent Sheely awarded him a certificate but warned "you are too immature to teach." The next year Mr. Weidner taught at the Cranberry School, in Tyrone Township, for the five-month term at the handsome salary of \$25 per month.

The young teacher was proud of his new position. He walked four miles to school every Monday morning and four miles back to his home every Friday afternoon. He carried his Monday lunch and resided four nights and four days at a Bream home, near the school. He paid ten cents each for his meals and Mrs. Bream said she would serve him his meals at nine cents each if he washed the dishes. His lodging at Breams was free. This was during the 1886-1887 school term.

The next year Mr. Weidner, advised of the \$30 per month salary in Cumberland county, took the school exam for that area, passed and was assigned to teach the Chestnut Ridge school "up against the mountains . . . there weren't any homes on the other side." The following year he taught in Lancaster county for \$50 per month.

While teaching at Chestnut Ridge, Mr. Weidner resided at home and cleaned the stables "for my board and room."

And so the teaching career for our celebrant continued. He was principal of the Hanover High School for a year, resigned (because of what he felt was unfairness in an assignment) to teach encyclopedias.

## SURGEON TELLS OF CARING FOR BODY MACHINE

Dr. Bruce N. Wolff, surgeon at the Annie M. Warner Hospital, addressed the Business and Professional Women's Club's School of Modern Living Thursday evening at the YWCA on "How To Take Care Of Your Physical Machine."

He compared the human body "to an old-time pot-bellied stove which had to be filled with fuel and have the ashes removed regularly — a continual process of building up and breaking down going on all the time." He declared that in the period from one to twenty years, "there are many things done these days to keep children well" but he believed the old saying was true that "if you don't poison a baby it will get well." He discussed various injections given to children and asserted that "everybody ought to have tetanus toxoid shots. The Army gives them every three years."

"In the period from 10 to 20 years habits of moderation in eating, work, play, rest, etc., should be established and regular physical examinations should be started."

**Regular Examinations**

"In the period from 20 to 50, internal examinations should be made regularly and in the opinion of the American Cancer Society at least once a year, although women should have a personal breast examination once a month. "A sense of futility at this time should be substituted by helping to improve the world in general. Moodiness should be relegated to the background and loss of energy can be handled by more leisure, new forms of relaxation. Never retire to 'nothing', always retire to 'something'."

The surgeon showed colored slides of before-and-after operative cases and answered questions on many physical matters.

Mrs. Guyon E. Buehler, a member of the program committee which is conducting this school, presided and introduced Dr. Wolff as "an Adams County boy who stayed home and made good."

## Replace License Suspension Rule; Stiffer On Repeaters

**By DICK HOENIG**

HARRISBURG (AP)—A new system based on "certainty and severity" today replaced Pennsylvania's mandatory 90-day driver's license suspension for all convicted speeders.

By executive order Gov. Leader yesterday abandoned the 18-year-old automatic suspension policy and substituted instead a plan providing first offenders with a break and stiffer penalties for repeaters.

Leader said he believes the new license suspension rules "put reasonableness" in the system and that they "can be sustained in the courts."

**Use 3 Year Period**

All offenses punishable by license suspension would be cumulative over a three year period. The record for the last three years

## LOCAL EASTER MASS WILL BE AT MIDNIGHT

"Changes in the liturgical observances of Holy Week in the Catholic Church" were explained by Rev. Fr. Anthony F. Kane at a meeting of the NCCW Thursday evening in Xavier Hall.

"Some of the changes include a midnight Easter Mass and a Mass at 3 o'clock Good Friday afternoon. On Holy Saturday there will be no Mass," he said, "for that is the time Christ lay in the tomb. These observances are not new but actually a return to the original manner of observing Holy Week in the church."

Plans were made for members of the council and of the Mothers' Club of Xavier School to be responsible for the attendance at church during allotted hours on Holy Thursday and Good Friday of at least 12 parishioners.

## ASSESSMENT JUMP OFFSET BY TAX CUTS

Decreases in taxation just about cancelled out increases in assessments in Gettysburg during 1955, according to the annual report of Tax Collector J. Herbert Weikert, filed today with the county clerk of courts.

Weikert's report shows residents of the borough paid \$241,219.36 in taxes to the school district, borough, county and institution district during 1955.

In 1954 they paid \$239,840.46 with a higher tax rate imposed by the borough, county and school district.

## Tax Figures Given

The actual increase in taxes paid, \$1,378.90 more in 1955 than in 1954, would indicate a normal growth in population and new building in the town.

In 1955 Gettysburg's residents paid \$40,131.22 in borough taxes, \$149,039.06 in school taxes, \$39,950.05 in county taxes and \$12,090.03 in institution district taxes. The amounts in 1954 were: Borough, \$39,128.17; school district, \$147,941.37; county, \$34,986.24, and institution district, \$17,784.68.

In 1954 the town had an assessment for occupation taxes of \$232,205. A thorough reclassification to remove those who had died and had not been removed from the rolls, and removing those who moved from Gettysburg, or retired, occurred during the year and the assessment for occupation taxes dropped to \$239,974 in 1955. In the upcoming 1956 assessment the amount has begun to increase, and is now up to \$239,297.

## Occupation Figures

The recanvass for 1956 shows a total of 4,052 persons in the borough assessable for occupation taxes as compared to 3,878 in 1955. Increases in numbers are shown in all wards, from 1,569 assessables in 1955 to 1,573 in 1956 in the First Ward; from 1,090 to 1,107 in the Second Ward, and from 1,319 to 1,372 in the Third Ward.

The occupation assessment is the First Ward in 1954 was \$123,200. With the general "housecleaning" the amount dropped to \$115,540 in 1955 and now is up to \$121,610 in 1956. The comparable figures for the Third Ward were \$97,275 in 1954, \$96,484 in 1955 and \$97,797 in 1956. In the Second Ward, however, the figures were \$102,730 in 1954, \$81,950 in 1955 and \$78,890 in 1956. Retirements account for most of the drop between 1955 and 1956 in the Second Ward judging by the assessments.

A large number of men, who once paid on a \$200 assessment as professional men, are now listed as retired and pay on an \$80 or \$50 basis.

Real estate assessments continue to rise however, from \$3,341,895 in 1954 to \$3,768,903 in 1955 and \$3,903,371 for 1956. The 1957 figures on which the assessors are now working will probably put the real estate assessment over \$4,000,000.

**Most Taxes Paid**

Weikert's report shows that of the \$40,629.98 tax levied by the borough with its ten-mill tax, \$35,369.07 was paid during the discount period, \$2,948.63 during the time when tax was paid at face value and \$1,269.27 during the period of penalties. Borough residents saved \$721.82 on the taxes by paying during the discount period. \$454.27 was collected from prior year's taxes and

## TORNADO RIPS MISSISSIPPI TOWN; 1 DEAD

ABERDEEN, Miss. (AP)—Volunteer searchers poked through the twisted ruins of a Negro residential area today, probing for possible dead or survivors of a quick striking tornado that killed at least one person and left 35 known injured.

The twister ripped through this northeast Mississippi town of 5,300 last night, touching lightly on a white neighborhood before unleashing its might on the four-block Negro area.

Damage estimates ran as high as \$750,000, the state highway patrol said.

### Four Critical

The dead man was identified as Israel Hayes, 50-year-old Negro. Monroe County Hospital said four Negroes were hospitalized there in critical condition. They were Nathaniel Walker, 60; Rebecca Randle, 60; Sarah Cunningham, 39; and Lucinda Owens, 54. All were victims of cuts, bruises and internal injuries.

Aberdeen Clinic said Mrs. J. H. Hill, 72-year-old white woman, was receiving treatment for cuts and bruises.

The hospitals placed the total injury list at 35, but said some of the victims needed only first aid.

### Over In Thirty Seconds

Roy Steinfert, publisher of the weekly Aberdeen Examiner and former Associated Press newsmen, said the tornado lasted "only about 30 seconds and sounded like four freight trains rumbling through the town."

He said heavy rains preceded it but lasted only a short time. National Guardsmen patrolled the town's business section to prevent looting.

Mayor A. G. Bright said about 100 persons were left homeless. Emergency headquarters were established in a high school gymnasium.

## GHS GIRL WINS SCHOOL AWARD

Margaret Matthews, a senior, has earned through competitive examination the honor of representing Gettysburg High School in statewide judging for \$1,500 and \$500 Homemaker of Tomorrow scholarships. It was announced today by General Mills, sponsor of this home appreciation program. A quarter million young women throughout the nation participated.

Miss Matthews will also be eligible to compete for a \$5,000 national scholarship award to be made to the All-American Homemaker of Tomorrow.

She demonstrated her home-making knowledge and attitude by receiving the highest score for her school in a written examination which was given graduating senior girls in 10,222 of the nation's public, private and parochial high schools. Her test paper will be entered in competition with 532 school winners in this state.

The girl selected state Homemaker of Tomorrow will receive a \$1,500 scholarship and a trip in April with her school advisor to Washington, Williamsburg, Va., and Philadelphia where the national winner will be selected from the state winners. Each state runner-up will receive a \$500 scholarship.

## BOY POISONED BY "HOT DOG"

FLORENCE, S. C. (AP)—An 8-year-old boy was in critical condition today after eating enough deadly poison to kill 25 men. The poison was in a hot dog the lad found on his front porch.

At least two other poisoned hot dogs were found last night in the same block by police and frightened parents forbade their children to leave their houses alone.

Police theorized the poisoned Weiner was tossed on the porch of Larry Matthews by a passer-by trying to kill neighborhood dogs.

Dr. J. L. Bruce estimated "at least five grains" of strychnine was in the meat.

He said ordinarily a fifth of a grain would be fatal to an adult. He said prompt action by Larry's grandmother, Mrs. Cindy Matthews, probably will save Larry's life. She poured a quantity of milk down Larry's throat when he came staggering into the house on the verge of a convulsion.

## Seek Funds For Fire Truck Next Year

The Centennial Fire Co. has engaged in a series of card parties and other activities with the hope of raising sufficient funds to buy a new fire engine in 1957—the 50th anniversary of its establishment.

Fire Chief emeritus John Murren said today the "500 and pitch" card party to be held at the Centennial fire hall Saturday night at 8 o'clock is one of a series of events by which the company hopes to raise funds for its new truck.

Similar card and big parties are to be held the third Saturday of each month thereafter as part of the truck fund program. To add to the fund the firemen are also planning to sell refreshments at the parties.

Murren said various committees of the Centennial Fire Co. are in charge of the various parties, adding, "We don't hope to have the full amount for the new fire engine by 1957 but we hope to have sufficient for a good down payment by that time, so we can get it for the 50th anniversary."

Mr. Murren spent nine delightful winters in Florida, most of which were spent on a boat, fishing. "I fairly lived on the water," he said.

Prior to his advanced teaching positions he graduated from Millersville Normal School (1891) (now a teachers' college) and from Franklin and Marshall College in 1898.

Mr. Weldner resides at 150 Seminary Ave. with his son, Lloyd. There are two other sons. One daughter died some time ago.

He has many interests. He is an avid reader, an authority on flowers and was, at one time, an enthusiastic fisherman and hunter. He maintains a beautiful garden of a wide variety of flowers and vegetables. He really has a "green thumb" because everything he plants and cultivates invariably grows into beautiful maturity.

Our celebrant has an infectious personality. He has clean, white hair, sparkling blue eyes which fairly laugh out loud. He laughs often and lustily... and his laughs are contagious. He is pleasant at all times, has a kind and pleasant word for his neighbors (all of whom love him). All through the day he either whistles, hums or sings. He loves good music and good books. He loves his God, his country and his neighbors.

To him we say "Many, many more Happy Birthdays."

**Eckert-Rosensteel Wedding Held**  
In Catholic Church: Angela Christine Rosensteel, daughter of Mr. and Mrs. George D. Rosensteel, National museum, and Lawrence Henry Eckert, Jr., son of Mr. and Mrs. L. H. Eckert, Troxell apartments, were united in marriage this morning at a nuptial mass solemnized in St. Francis Xavier Catholic church by the Rev. Mark E. Stock, pastor.

Immediately after the ceremony the bride party, relatives and friends went to Mrs. Smiths restaurant for the reception and wedding breakfast.

Mrs. Eckert is a graduate of St. Joseph's college high school, class of 1937. Mr. Eckert graduated from Gettysburg high school in 1938 and is employed as an historian at the Gettysburg National museum.

The bride, who was given in marriage by her father, wore a white velvet brocaded gown modeled along princess lines with long train, long pointed sleeves, and sweetheart neckline. Her fingertip veil was tucked to her bonnet by a ribbon of seed pearls. She carried a prayer book trimmed with material matching her gown, topped with white cyclamen and trailing a shower of white freesia.

The matron of honor, Mrs. Joseph Rosensteel, sister-in-law of the bride, was gowned in dusty old rose taffeta deviating only from the dress design of the bride in that three quarter length sleeves and a short train were substituted. The maid of honor was Miss Lindora Roddy while the bridesmaids were the Misses Margaret and Ann Catherine Hoffman and Mary Elizabeth Eckert. The flower girl was Miss Rose Mary Borst of Clairvaux, near Emmitsburg.

The best man was Joseph Rosensteel, brother of the bride. Joseph Bushey served as head usher and Francis Rosensteel, an uncle of the bride, Simon Roddy, and Thomas Oyer acted as assistants. Immediately after the breakfast the newly-married couple departed on a wedding trip, destination not announced. On their return they will occupy one of the new apartments in the National museum building.

**Spangler-Musselman:** In a ceremony performed Saturday evening in St. James Lutheran church Miss Martha Virginia Musselman, niece of Mr. and Mrs. William H. Johns, Gettysburg, became the bride of Harvey Allen Spangler, son of Mrs. Bessie Spangler, of Gettysburg R. 2. The single ring ceremony was performed by the Rev. Ralph R. Gresh, pastor of the church, in the presence of the immediate families. There were no attendants.

Following the ceremony a reception was held at the home of Mr. and Mrs. Johns for the families. The pair will take a wedding trip to New York state and upon their return they will make their home in Pikesville, Maryland.

The bride is a graduate of Western high school in Baltimore and of the Baltimore Business college. Mr. Spangler is a graduate of Gettysburg high school and of Ryan School of Aeronautics at San Diego, California. He is now an instructor at an airport at Washington, D. C.

**Sculptor Will Submit Luther Statue Design:** Plans for the erection of a \$15,000 statue of Martin Luther on the campus of the Lutheran Theological seminary here are being advanced by a committee from the board of directors of the seminary.

The members of the committee are Dr. A. R. Wentz, seminary president, chairman; Dr. A. J. Traver, Frederick, Maryland, secretary; and the Rev. D. L. C. Zimmerman, Washington, D. C.; L. Russell Alden, Esq., also of Washington, and Fred J. Singley, Esq., Baltimore.

F. B. Twisden, 69, Dies; Active In St. James Work: Frank B. Twisden, 69, of 43 East Middle Street, died this morning at 5:30 o'clock in Mercy hospital, Baltimore, from a throat obstruction.

## Today's Talk

**CRITICS**  
The world is full of critics. Let none of us be disturbed about them. It would be well if we devoted much time to the criticism of ourselves! That would place criticism in its most important place.

All criticism should be constructive. If it is that, as applied to a book or play, it serves a valuable function. Both books and plays are largely made successful or failures because of the critics. That does not mean, however, that either may be bad. Too many other factors enter. Many critics are out of tune with the times. I pay tribute to that book critic who gives such a good review of a book that I go out and buy it!

I like the idea that many newspapers have of selecting non-professionals to review a book. Professor William Lyon Phelps (the famous "Billy") always tried to praise a book. He would not review a poor book. It delighted him to say nice things about new writers, to give them encouragement, which was highly laudable. Praise travels!

The best friend is the one who reserves criticizing another friend. If he hasn't anything good to say, he says nothing, whether friend or foe. That one who says mean or untrue things about another is not a safe one to be a friend. Loyalty and tolerant understanding come first.

We all react to praise, no matter who we are. It's what keeps the world on an even keel. We all have our problems and it is up to each one of us to meet them in good heart. It serves no good purpose to find fault with people or conditions as they are. We need to tie to the gospel of acceptance, and be brave about it. It would help to season all we do with sincere humility.

Tomorrow Mr. Adams will talk on the subject: "Look For The Artist!"

**THE PAST**  
We keep the past in many ways.  
In what we used to do,  
In bits of by-gone yesterdays  
When happiness we knew;  
In songs we used to hum and sing,  
In lovers' shady lanes,  
In many a simple cherished thing  
The past with us remains.The year grows old at rapid pace;  
A new one is begun,  
And much that may have taken place  
The memory seems to shun.  
But there may be a moment when  
The heart was lifted high,  
And we shall call it back again  
When it has traveled by.'Tis only joys forgotten die.  
The ones remembered stay.  
Time steadfastly goes marching by  
And heed to none 'twill pay.  
But each may snatch an hour or so  
Designed through life to last,  
And by remembering keep alog  
Some splendor of the past.

## KNOWLAND IN MINNESOTA GOP RACE "IN CASE"

ST. PAUL, Minn. (AP)—Minnesota Republicans may have the choice of two delegate slates in the presidential primary March 20 after filing of the name of Sen. Knowland (R-Calif.) Wednesday, last day for entering the race.

John Alexander, Minneapolis attorney who submitted the list of 25 Knowland delegates, said it was aimed not against President Eisenhower, whose slate was filed recently, but as an "insurance" move to:

Provide a Republican contest and to guard against "having to submit to an unwanted favorite son candidate" in the event Eisenhower withdraws his name. He did not elaborate on the "unwanted" in his statement.

The Eisenhower delegate listing is topped by the name of Sen. Thye (R-Minn.). It was filed by the state GOP organization. Should the President fail to withdraw by Feb. 25, the deadline, both the Eisenhower and Knowland delegations would go onto the ballots.

Sen. Knowland himself previously had indicated he would withdraw from all primary activities if the President announces he will run again.

## Junior Hi At Home Tonight As GHS Invades Hanover; County Loop Action Ends

In the lone South Penn Junior High League game scheduled tonight, the Gettysburg Braves will entertain Hanover on the local floor, the preliminary starting at 6:30.

Hanover, 27-9 winners in the previous game at Hanover, is tied with Chambersburg for the league lead with a 6-2 record. The Braves have a 1-7 league mark. Don Tiziani's reserves, winners of their last five, will be out to avenge a 57-44 loss in the opening game.

Meanwhile the Gettysburg High Warriors invade Hanover to meet the Nighthawks and will attempt to repeat their 47-40 win gained here during the first half. That will be no mean task as the Hawks are very tough on their home court. Bernie Thrush's outfit showed its power by crushing Chambersburg Tuesday 104-78 and is now aiming to retaliate for the surprise setback here.

By far the most important league game will be played at Chambersburg where undefeated Middletown will be the visiting team. The Trojans must win this one if they hope to stay in the second half race.

Carlisle plays at Waynesboro and Hershey at Mechanicsburg to complete the league program.

**County League Finals**  
Final games in the Adams County boys' and girls' divisions will be staged tonight.

The Biglerville-Littlestown girls' game at Biglerville will decide the league title. Littlestown leads the circuit with a 6-0 mark while the Cannons, defending title, are in second place with a 5-1 record and must win to create a deadlock.

Of prime interest in the boys' circuit is the definite establishment of positions for the top four teams in the annual league Shaughnessy playoffs to be held on the Gettysburg College floor February 23 and 27. Bolling Springs has already clinched the regular season honors.

The lineup of games, with the overall season records, follows: Bolling Springs (22-3) at East Berlin (15-6); York Springs (2-21) at New Oxford (10-9); Littlestown (17-6) at Biglerville (7-14); and Fairfield (10-13) at Newville.

**Delone At Home**  
John Russ' Delone Squires will be out to snap a five-game losing streak when they entertain St. Edwards of Shamokin tonight at McSherrystown in a Central Penn Catholic League affair.

Delone, now 7-13, dropped a 65-58 decision at Shamokin during the first half.

**LAUSSE LOSES  
ON SPLIT VOTE**

**CHICAGO** (AP)—In a brawl that had the aspects of just about everything—wrestling, football and bull fighting—long-reaching Bobby Boyd won a split 10-round decision over rugged Eduardo Lausse Thursday night.

Boyd, staggered several times by the Argentine's vicious left hooks, piled up his edge with a harpooning left jab and head work. Lausse, third ranking middleweight, had been undefeated in 32 starts and scored 49 knockouts in 61 victories. He got Boyd in trouble at times only to have the 22-year-old Chicago Negro swarm back in savage rallies. Bobby, eighth ranked contender, earned his ninth straight triumph and now has a 36-6-2 record in a claim for a shot at the middleweight crown.

Each weighed 160 pounds. Judge Spike McAdams scored for Boyd 96-88 under Illinois' 10-point maximum per round. Judge John Frank voted for Boyd 94-91. Referee Frank Sikora favored Lausse 94-93. The Associated Press card had Boyd in front 96-95.

## NO SETTLEMENT IN SIGHT FOR WESTINGHOUSE

PITTSBURGH (AP)—The Westinghouse Electric Corp. strike entered its 123rd day Thursday and an early settlement seemed remote after the firm's rejection of a public inquiry into the walkout.

Gov. George M. Leader of Pennsylvania, in cooperation with four other governors, had set up a two-man fact-finding board to study the strike which has idled 44,000 workers at 30 Westinghouse plants since Oct. 17.

Gwilym A. Price, Westinghouse board chairman and president, sent telegrams to the governors rejecting the plan.

**No Comment On Rejections**  
"Westinghouse cannot delegate to outsiders . . . the right to determine the fundamental terms of the union agreement under which Westinghouse must live for some years," he said.

In Washington, the AFL-CIO International Union of Electrical Workers said Westinghouse should "abandon its futile attempts to adjust this dispute by million-dollar propaganda campaigns" and try to achieve settlement by presenting its case to the fact-finding board.

Gov. Leader, who previously said the probe would go on even without Westinghouse, had no immediate comment on Price's rejection.

**More Violence**  
Meanwhile, more violence at the firm's Sharon plant was reported. One auto was overturned and other cars were stoned yesterday. Some windows in the plant were broken. No arrests were made and no injuries were reported.

The union originally asked a 15-cent hourly increase under a two-year contract which expires this October. Westinghouse offered a five-year contract which it said would boost wages a minimum of 23½ cents an hour during that period.

The IUE says it has since scaled down its demand to a 7-cent hourly boost for the first year of a proposed three-year contract. Under the old contract workers averaged \$2.10 an hour.

## Sunday School Lesson

By Rev. Dr. Howard R. and Margaret C. Gold

### JESUS DEMANDS A CHOICE

Luke 19:1-10

Key Verse: Choose this day whom you will serve; . . . but as for me and my house, we will serve the Lord. Joshua 24:15.

The nine chapters of Luke in which the evangelist drew from some special source of tradition concerning Jesus' words and works closes with Chapter 18. Jesus is still on His way to Jerusalem, and the incident of this week's lesson occurred at Jericho. Some very fundamental teachings have been impressed upon the companions of His journey as well as those who gathered along the roadside.

So far little has been required of His followers except to listen, learn, and believe. But now the time of decision comes. Christ was not so concerned about whether His hearers agreed with Him, but

He did want them to decide whether they wished to follow Him. Admiration is flattering but true devotion is convincing.

The background Scripture for this lesson includes these incidents: The rich young ruler, the prediction of the passion, the healing of blind Bartimaeus. All are abbreviated in the Lucan accounts. Then comes the story of Zacchaeus, chief tax collector and well known for his shrewdness and wealth.

Jesus and His party were passing through Jericho. The man called Zacchaeus wishes to look upon this Teacher of whom he had heard such unusual things, but being short of stature he could not see Him because of the crowd. He ran ahead, climbed into a so-called sycamore tree (really an Egyptian fig-mulberry with low

branches), and gazed down from his perch. Jesus observed his actions and when He approached, He looked up and said, "Zacchaeus, make haste and come down; for I must stay at your house today." Such an unpremeditated self-invitation startled the crowd and when they saw Zacchaeus jump to the ground joyfully a loud murmur arose. Why did Jesus ask to be the guest of a man who was considered a sinner? Likely because of the location of Jericho at the crossing of the Jordan River from Judea to countries to the east this was an important place of customs. No wonder the people murmured!

As a tax collector, Zacchaeus had had unusual opportunities for observing people, their reactions, their true motives. In Jesus he recognized his Friend and Saviour. His life of greed and extortion ended abruptly as the beauty of the Lord's countenance shone upon him. It was like shedding an old garment and donning a new one as he said, "Behold, Lord, the half of my goods I give to the poor; and if I have defrauded

any one of anything, I restore it fourfold." Jesus' answer was just as quickly given, "Today salvation has come to this house, since he also is a son of Abraham. For the Son of man came to seek and to save the lost." The answer was not only for Zacchaeus but for the crowd too.

This is the acid test: To be able to recognize the divinity of Christ, to accept, and follow. Turning over a new leaf may not have been as instantaneous with Zacchaeus as it appeared. Of course there was the usual process — acceptance, repentance, faith, and a new standard to live by. Some scholars say the Bible appeals to our wills and not primarily to our minds and emotions. Since being a Christian isn't easy, decisions must be made. One cannot slide along always "being on the fence."

Zacchaeus made his choice by giving his money and surrendering his life to service for Christ. He had to be strong to resist the temptation to return to his former lucrative job. It is one thing to make a choice and another to stick to it. But positions of wealth

and power alone cannot give men inner happiness and satisfaction. It is the consecrated Christian believer who enjoys spiritual security — the knowledge that he has chosen the better part.

## A PRAYER FOR EVERYONE

Before you say your prayers, there's something I want to tell you. Tonight, I want you to ask God to bless everyone in the whole wide world.

On World Day of Prayer children in every corner of the globe, grown-ups too, will pray that God will make this world a better place.

Remember last summer at camp when you called out at the edge of that cliff and your echo came answering back? Well, imagine all the people in the world calling out at once in prayer. Imagine how big the echo would be, and how much it would please God to hear it.

You are lucky children, because you live here in America, because you have your Church and the right to attend it. So tonight, thank God for things like that, darlings, even if you don't entirely understand them. And when you've finished . . . ask Him to bless everyone.

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## SEE NEW RED 'UNITED FRONT' REVIVAL AHEAD

By JOHN M. HIGHTOWER

WASHINGTON (AP)—The Soviet high command appears to be planning a revival of the "united front" technique to try to gain power and respectability for the Communist parties of Western European nations.

The technique—used with considerable success in the past—is the establishment of working arrangements between local Communist parties and such non-Communist groups as the Socialists.

Two Major Themes

U. S. officials think they see a tipoff to renewed emphasis on "united front" drives in the speech given by Soviet Communist party boss Nikita Khrushchev to the

party Congress now meeting in Moscow.

In general, Khrushchev worked hard through many thousands of words to establish two major themes, as his speech is read here. One is that Soviet communism is cover the world. The other was that of peace.

He sharply modified Communist theories that war between Communist and capitalist states is inevitable and that violent overthrow of established governments is required.

He said Communist parties may gain power through parliamentary means. He probably had his eye on substantial Communist groups in France and Italy, but authorities here saw a broader significance in the statement.

To Keep Fighting

They interpreted his rationalization about the peaceful "triumph" of communism as being necessary modification of doctrine. The theory is that the new line would make it appear that Communist parties in Western countries are not committed to violence as a

## URGES POLICE PROTECTION AT STRUCK PLANT

HARRISBURG (AP)—Senate Republican Leader Mahany Thursday pressed for state police protection against "lawlessness and disorder" at the strike-bound Westinghouse plant in Sharon.

Mahany, whose district includes the strike-bound plant, said he urged Gov. Leader to send state police to the site adding:

"There exists today at that plant a state of lawlessness and disorder—of positive hazard to the lives and welfare of our citizens."

The Titusville lawmaker said in a statement yesterday that he will also press next Monday for Senate adoption of a resolution calling for a legislative investigation of the "disorder and violence attendant upon the Westinghouse strike."

Mahany said Mercer County Judge Herman Rodgers asked Gov. Leader in a telegram Wednesday for state police aid.

The governor's office said the telegram was turned over to State Police Commissioner Earl J. Henry "for his information."

Patrols On Duty

Henry said Wednesday night that state police patrols are already on observation near the Sharon plant and his department has no intention of "sending men to patrol the city streets." The commissioner said Tuesday that observation patrols were "augmented" after an outbreak of violence at the plant.

Mahany said he had asked the necessary means of gaining power.

The Communists may now use such an argument in many countries to put themselves in position to seek active cooperation of non-Communist political groups.

Khrushchev's speech seems to make it clear that the Communist command does not intend to let the East-West stalemate in Europe prevent it from waging a determined campaign behind the backs and under the feet of the Western governments to expand Communist political power.

## NAB UNION HEADS FOR DESTRUCTION

PHILADELPHIA (AP)—Four officials of Local 107, Independent United Electrical Workers were arrested at their homes early Thursday on warrants charging destruction of property in connection with a strike at the Lester, Pa., plant of the Westinghouse Electric Corp.

The warrants were sworn out by Police Chief Howard Winfree of Chester, Pa., following an investigation of a disturbance at the Lester plant which ended in Chester last Dec. 8.

Those arrested were identified as:

Louis L. Kaplan, 40, international representative of the union, of Collingswood, N.J.

John E. Acker, 45, of Prospect Park, a union steward and former machine operator at the Lester plant.

Nicholas R. Onofrio, 3, of Springfield, Pa.

Gaetano Di Ritis, 34, of Philadelphia.

Winfree said that the disturbance occurred outside the plant's gate No. 4, and involved a truckdriver, William Main, 35, of Ardmore, Pa.

governor on other occasions to provide state police protection but the requests were "to no avail."

"This is a problem for all Pennsylvanians," he declared. "The economic future of the state may well depend on how promptly and how vigorously Gov. Leader acts in this case."

"What employer will seriously consider moving to Pennsylvania or even staying here, when he sees the governor of the state in effect condoning violence, lawlessness and strike in communities without lifting a hand to protect the rights of all the citizens?" Mahany asked.

WASHINGTON (AP)—A three-member Senate Elections subcommittee decided Thursday to undertake a broad investigation into any efforts by "selfish interests" to influence federal elections or legislation with campaign contributions.

In 1890 only 4.5 per cent of married women had jobs, but today it is 23 per cent.

## SEGREGATION LEADERS BALK U. S. DECISION

NEW ORLEANS (AP)—Defiant segregation leaders declared Thursday that "the people of Louisiana will not integrate" to comply with a federal court's ruling ordering desegregation in public schools.

State Sen. W. M. Rainach, segregation leader in the Legislature, criticized the three-man court which gave the ruling Wednesday and the Orleans Parish (county) School Board said the next step would be to appeal the decision.

Rainach said the three judges "took an oath of office to uphold the Constitution of the United States, not an oath to uphold the palpably unconstitutional decision of the (U. S. Supreme Court) justices."

The court tossed out as unconstitutional the segregation laws enacted by Louisiana to sidestep the U. S. Supreme Court's ruling against separate white and Negro public schools.

In the wake of Wednesday's decision, U. S. Dist. Judge J. Skelly Wright ordered New Orleans to end racial segregation in its public schools "with all deliberate speed." He was quick to point out, however, that this did not mean the mixing of classes would come "overnight or even in a year or more."

Wright directed the board to integrate classes "after such time as may be necessary to make arrangements for admission of children to such schools on a radically nondiscriminatory basis."

Rainach aimed his criticism at Wright and his two fellow jurists, all natives of Louisiana. Judge Wayne G. Borah of the 5th Circuit and U. S. Dist. Judge Herbert Christenberry shared in the ruling.

Wright cautioned that "the problem of changing a people's mores, particularly those with an emotional overlay, is not to be taken lightly."

After the U. S. Supreme Court decision in 1954 abolishing segregation

## Report Increases In State Livestock

HARRISBURG (AP)—Pennsylvania livestock inventories this year show a 22,000 head increase in the number of cattle, hogs, sheep, horses and mules reported on farms Jan. 1, 1955.

Secretary of Agriculture William L. Henning said yesterday the number of livestock totaled 2,860,000 head in a Jan. 1, 1955, inventory. The figure represented an increase of less than 1 per cent.

All livestock on farms last month the federal-state survey showed, had a total value of \$279,179,000 or an increase of over 4 million dollars from 1955 inventories but over 34 million dollars less than the 10-year average.

At the same time, Henning said chickens on Pennsylvania farms, excluding commercial broilers, totaled 23,207,000 last Jan. 1 or down one half of 1 per cent from a year earlier although the value increased 15 per cent.

tion in public schools, the Legislature passed a series of laws placing segregated schools under the state's inherent police powers.

The District Court ruled that the laws were unconstitutional.

THOMASVILLE, Ga. (AP)—President Eisenhower Thursday created a national defense civilian reserve

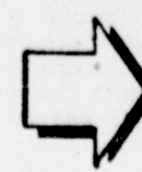

for the training of up to 4,000 top flight executives from business and labor for government service in any

emergency.

At his vacation headquarters here, Eisenhower signed an executive order implementing a law enacted by Congress last year.

## PUC ASKS MORE TESTIMONY IN BELL HEARING

HARRISBURG (P) — The Public Utility Commission called for more testimony Thursday after hearing opposing views in its investigation of a \$36 million dollar rate boost sought by the Bell Telephone Co. of Pennsylvania.

Four company officials offered testimony Wednesday in support of the largest increase ever asked by a utility in Pennsylvania.

But a representative of one of nine cities and organizations of officials protesting the increase contended "It is absolutely impossible to find any justification whatsoever" for the boost.

Bell, with 2 1/2 million customers in the state, said the proposed increase would produce revenue "no more than sufficient" to enable payment of reasonable operating expenses and provide a "fair return on the fair value of company property."

John B. King, Philadelphia, Bell vice president, said increased operating expenses and "consistently" declining profits since 1952 justify the increase.

"In the face of this earnings experience the company during the next three years is required to raise and pay for vast additional sums for replacements, improvements and additions to plant if it is to satisfy the public demand for telephone service in Pennsylvania," he declared.

### Notes Increased Service

He said Bell is serving more families than ever before, is completing calls faster, has fewer failures in the telephone plant, is converting manual central offices to dial operation and is handling more calls.

## Plan Conservation Lab At Penn State

Two sessions of the annual Conservation Education Laboratory for Teachers will be held this summer at Pennsylvania State University, County Superintendent of Schools H. Edgar Riegler announced today.

The first session will be held July 23 to August 11. At both sessions courses on the teaching of conservation of natural resources in both elementary and secondary schools will be given. Those attending the courses receive credits. Full information is available at the county superintendent's office.

torney representing the state CIO Council, took an opposing view. He objected to company testimony several times as improper and asked it be stricken from the record.

The council entered a formal protest to the increase thus joining Pittsburgh, Philadelphia, Scranton, Washington, Chester, the Philadelphia Telephone Subscribers Assn., and H. Jerome Jansen of Philadelphia.

### Sees Wider Needs

Rose contended that Bell's claim are "not really based on the needs of the Pennsylvania company as such but on the financial needs of the American Telephone and Telegraph Co. and Bell System as a whole."

AT&T is the parent firm of the Pennsylvania utility.

Three days after Bell asked for the higher rates to be effective March 14 the commission suspended their effective date until Sept. 14. The proposed revisions would not affect coin box and long distance charges.

Latin America, including the West Indies, is estimated to have approximately 173 million people. This is about the combined total of Canada and the United States.
